Kirknewton Stables

Kirknewton House Stables are situated in the grounds of Kirknewton Estate.

Managed by Maximillion, Kirknewton Stables were originally built to service Kirknewton House, private home of the Welwood Family, and built by their ancestors in the 18th century.

Renovated in 1998, the Stables are adjacent to the house and open onto a spectacular walled garden of manicured lawns. The building boasts a beautifully textured and atmospheric interior and is suitable for groups of all sizes.

The stables are connected to a kitchen area, and we can cater for all tastes and budgets.
